### CARMEL VALLEY MANOR

Carmel Valley Manor is situated in a semi-rural setting which offers beautiful views and lovely weather. Being surrounded by Mother Nature, however, can be a double-edged sword, bringing a variety of wild creatures into yards and patios looking for food.

Please note page A-13 of the Residents' Handbook regarding the outdoor feeding of animals. Due to the current influx of creatures on the campus, bird seed or other animal food found on campus will be disposed of so as not to attract rats, mice or even larger critters.

One of these days it will rain again and, although the winter months might be on the cold side for mosquito breeding, we should all continue to take care to dump any standing water that we notice anywhere on campus so that it doesn't become stagnant and a breeding ground for mosquitos.

Thank you.  
Jane Ipsen

### Bridge Basics That Matter Most

With 13 or more points I'm required to speak  
And mention a suit that is not very weak.  
With Five cards or more I need not be cute,  
I merely will open one of the suit.  
But with a five-card major, it requires some thought.  
I know I must open, my better minor I ought.  
With 15 to 18, one no trump will do,  
And with 21 or more, I'll open with two.  
When the opponents have opened, now I have trouble;  
I've an opening bid, and I say so by—"Double".  
If my opponents have opened, my back's to the wall;  
I have length and good points, so I should overcall.  
My partner has opened, and I'm in a fix  
Because I must pass with less points than six.  
But if my count is six points to nine,  
I must respond once, and that will be fine.  
Ten to twelve points though, is pretty nice;  
I will respond, not once but twice.  
With 13 or more pints I would be to blame  
If I let the bidding end before we reached game.

### Conversational Constructs for Persons at Table during an Election Year

For the Insiders:

I've always been of a kind  
Possessing a liberal mind  
I won't misconstrue  
While I'm talking to you  
Your differences? never maligned!

For the Outsiders:

When it comes to politics here  
I'm silent and thoughtful I fear  
I'm tight on the right  
'cause otherwise might  
Sever our friendship, my dear

# Monterey County Symphony

The season opens in October with a new composition by Emmy Award Winner, John Wineglass, that was created for the Carmel Centennial Celebration and will continue with the brilliant theme throughout its series of six concerts, "Shakespeare in Music"

We can look forward to a season of six concerts, each program featuring a Shakespearean title in music. Maestro Max Bragado-Darman, he who originated the theme, was a nine year old boy in Madrid when he attended a rehearsal of the symphony orchestra where his friend's father was the Conductor. He was moved by both sound, the aesthetic effect of the music, and the marvelous magic of the man who waved the baton and made it all happen. He had found his calling. He came to Oberlin College in the United States for a Master Degree in orchestral conducting and did further post graduate work at the University of Michigan. Before coming to Monterey he had returned to Spain and established himself as a music director and conductor of the symphony orchestra of Castile and Leon in Valladolid, Spain. He prepares very thoroughly for the job he loves, saying that he describes his work as "having an orchestra in Paradise".

The six concerts featuring Shakespeare will wow us with the following: October, Prokofiev, *Romeo and Juliet*, November, Mendelsohn, *A Midsummer Night's Dream*, February, Brahms, *Coriolanus*, March, Tchaikovsky, *Romeo and Juliet*, April, Verdi, *Othello*, May Nicolai, *The Merry Wives of Windsor*.

*Information from the Carmel Pine Cone*

This is a very abbreviated presentation of the concerts we will enjoy hearing from now until May. Fortunately, we

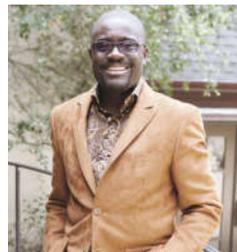

have another great master musician to guide us along the way!

Monterey county Symphony, 2016/2017 Season, Shakespeare in Music: on the Monday prior to each concert, during the Symphony season (October, November, February, March, April and May), Musicologist, Dr. Todd Samra, will present a talk about the upcoming program's music, composer, guest performers, etc. The lectures, known as the **Symphony Preview** take place at Carmel Valley Manor in the Library at 11:00AM.

This will be Dr. Samra's sixth year as an enthusiastic and popular representative of the Symphony. Organized by Julia Wilson for many years, the Symphony Preview is now coordinated by Ramona Smith.

On October 17, Dr. Samra will be accompanied by Symphony Board Chairman, Lee Rosen and Guest Composer, John Wineglass. The October program features John Wineglass's original composition "Big Sur: The Night Sun" commissioned for the Carmel Centennial Celebration. Also

on the October program are Ludwig van Beethoven, Concerto for Piano, Violin and Cello OP. 56 and Sergei Prokofiev, Suite No. 2 Romeo and Juliet.

Of further interest, especially for newer residents, the Manor bus takes residents to Sunset Center for the symphony performances on Saturday evening and Sunday Afternoon. Sign-up sheet is on the bulletin board.
